Habitat Priority Planner for ArcMap 10.1

September 2012

NOAA Coastal Services Center
(843) 740-1200
www.csc.noaa.gov

1. Before installing Habitat Priority Planner for ArcMap 10.1, install ArcGIS' development kit (SDK).

- ArcGIS SDK is a package containing support for any custom extensions like HPP.
- To install ArcGIS SDK, run the **ESRI.exe** file from the root of your ArcGIS 10.1 install media (DVD), and click the **Setup** link next to "ArcObjects SDK for the Microsoft .NET Framework," as highlighted below.

2. Download the Habitat Priority Planner installer:

- Save it to a local disk.
- Run the **setup.exe** executable.
